

## Fire or Dangerous Props Guidelines

Performer Name: \_\_\_\_\_

Group Name: \_\_\_\_\_

Pass Number (all member #'s if a group): \_\_\_\_\_

Phone Number: \_\_\_\_\_

Detailed description of fire or dangerous props used during performance:

---

---

---

---

---

---

---

The safety of all visitors, merchants, audience members and bystanders on Granville Island is the highest concern. Any action that threatens their safety is not permitted. You will not be permitted to busk if the Granville Island Cultural Society believes your actions will threaten the safety of visitors, merchants, audience members and bystanders or lead to the damage of private or public property.

To use fire in any way or use props that are dangerous or appear to be dangerous (to be determined at the discretion of the Granville Island Cultural Society) you must agree to the following:

1. I will demonstrate a high level of skill and control when handling, juggling or using fire or dangerous props.
2. I will create and maintain a defined separation of 3 to 5 meters or more between the fire or dangerous prop and the audience.
3. When using or involving fire in any way I will have an approved fire extinguisher in good working order readily available and visible to the audience at all times.
4. I fully understand the operation and use of the fire extinguisher used during my performances.
5. I am familiar with the first aid locations and emergency procedures.
6. I am solely responsible for any injury or damage to property and indemnify Granville Island and it's representatives against any claims resulting from my actions or omissions
7. I understand that the Granville Island Cultural Society reserves the right to halt a performance if the use of fire or dangerous props is considered unsafe.
8. I agree to refrain from the use of gasoline as fuel during my performance, instead I agree to limit my fuel source to either camp or lamp fuel.

***I agree to abide by the Fire and Dangerous Props Guidelines shown above.***
