

Sales of Musical Recording Guidelines

Performer Name: _____

Group Name: _____

Pass Number: _____ Phone Number: _____

You or your group must leave one copy of each CD or DVD that you wish to sell with the Granville Island Cultural Society. This copy will be used to replace a defective recording and to verify that the music is your own, original recording. The name or title of the CD or DVD must be the same as the name on your registration form. When playing as a group, the name or title of the CD or DVD must be the same as the group performing. The CD or DVD should list the names of musicians on the recording. Only registered buskers may sell recordings.

Sales of CD's and DVDs must be passive. Customers should - and will - casually walk up and pick up a CD or DVD. Long sales pitches to the audience asking them to buy the latest CD or DVD are not acceptable. Performers must not aggressively or frequently promote the sale of recordings. Any type of display must be small. Sales must be subtle and inconspicuous.

1. I agree to only sell the listed CD's or DVDs shown below.
2. I certify the recordings are of myself and/or the group shown on this application.
3. I certify that I have legal permission to sell the listed recordings including the permission of the artist and composer.
4. I understand that I am solely responsible for payment of sales and other taxes, royalties and other fees arising from the sale of musical recordings.
5. I understand that sales must not be aggressive, pushy or dominate performances.
6. I understand that recordings will only be available for sale during performances.
7. I will replace any CD or DVD found to be defective or refund the purchaser in full.

Name of CD or DVD	Price	Date Registered
